You can be a Casanova  
For a minute you can be the hottest thing  
Tell everyone they should be glad to have met you  
Get caught up in your little fantasy

Ooh It's GONNA GETCHA  
It's gonna catch up with you sometime  
One of these days you can betcha  
You'll be standing at the end of the line  
It's GONNA GETCHA

Go ahead a smoke your two packs a day  
Whatever addiction you choose  
Brush off what everyone tries to say  
Keep on breaking life's rules

Ooh It's GONNA GETCHA  
It's gonna catch up with you sometime  
One of these days you can betcha  
You'll be standing at the end of the line  
It's GONNA GETCHA

What's said is said what's done is done  
You can't go back in time  
We go through life whatever way we choose  
But, we all have to answer to the big guy

Ooh It's GONNA GETCHA  
It's gonna catch up with you sometime  
One of these days you can betcha  
You'll be standing at the end of the line  
It's GONNA GETCHA
