Hey, don't forget to breathe
I say to myself when you're kissing me
For when I taste your love
The psycho in my heart keeps stabbing me

Ooh Ow I think I'm in love with you now
Ooh Ow definitely don't slow down
Ooh Ow I think I'm in love with you now

Smile, as I frame you up
No script while you're on top of me
Your, hair is in my hands
Eyes closed while you melt into me

Ooh Ow I think I'm in love with you now
Ooh Ow -- definitely don't slow down
Ooh Ow I think I'm in love with you now

Over and over you pull me under
Secret agent I'm going undercover

Ooh Ow I think I'm in love with you now
Ooh Ow -- definitely don't slow down
Ooh Ow I think I'm in love with you now
