It's here  
The time of year  
We get to celebrate  
All together once again  
And it doesn't matter  
How far wherever we are  
We always find a way  
To all the family  
And the friends

I'm gonna be home  
For the holidays  
To the place I know  
It's my heart and soul  
I'm coming home  
And I can't wait  
Yeah  
I'm gonna be home  
For the holidays

Yeah  
My hometown  
My friends around  
It's what I  
Really missed  
Yeah  
And all the good times  
That we shared  
And even though I know  
I've been gone  
For way too long  
Coming back  
Is the best ummm  
I'm getting close  
I'm almost there

I'm gonna be home  
For the holidays  
To the place I know  
It's my heart and soul  
I'm coming home  
And I can't wait

Yeah

I'm gonna be home  
For the holidays

To the place  
That I remember  
Always and forever  
In my heart  
We can celebrate  
From November  
To December  
Yes, I'm gonna be home  
I'm gonna be  
Yea, I'm gonna be home  
For the year  
Yea, I'm gonna be home  
I'm gonna be there  
Soon as

I'm gonna be home  
For the holidays  
To the place I know  
It's my heart and soul  
I'm coming home  
And I can't wait  
Yeah  
I'm gonna be home  
For the holidays  
I'm gonna be home  
For the holidays  
Just where I belong  
And I've been gone  
To long  
I'm coming home  
And I can't wait  
Yeah  
I'm gonna be home  
For the holidays  
Yea  
I'm gonna be  
I'm gonna be  
Yea  
I'm gonna be home  
For the holidays
