"Alcazar"

On the wind from North Africa
From within Andalucia
There's a place that is magical
Takes your mind somewhere spiritual
Give me the key
My queen of Arabia
Open the gates to your love
In
Alcazar
Alcazar

In your eyes there's a burning flame
Reaching out hear you call my name
I will come to your temple ground
Let me in and lay your body down

Give me the key
My queen of Arabia
Open the gate to your love

Alcazar
Alcazar
