I've been thinking about the times we've had  
And the people we meet  
There's too many to remember  
But sometime it never lets you go  
When a time and a place just takes you back

Tell me about the passion that you feel  
Tell me from the heart it must be real  
The way you live your life through days of  
Old  
A story's told down in Altozano  
Down in Altozano

You can travel all around the world  
You can see many places looking from a  
Distance  
But when you get right to the heart of it  
It's the soul of the people that brings you  
Back

Tell me about the passion that you feel  
Tell me from the heart it must be real  
The way you live your life through days of  
Old

We'll sing tonight, heroes recite  
We'll drink to everyone insight

You can come from any walk of life  
Doesn't matter who you are  
You'll be welcome on the inside  
You can look into the people's eyes  
And you know that they're not afraid  
To cry

Tell me about the passion that you feel  
Tell me from the heart it must be real  
The way you live your life through days of  
Old

A story's told down in Altozano
