Girl you put all your trust in me
Gave your love unselfishly
then I went and threw it all the way
Oh girl just when you thought we had it all
Like a fool I wanted more
Never thought that we'd end up this way

So where are we now
I never meant to let you down
I'd do anything to turn it around
I want your love back if I just knew how

Oh girl you know I need you now
Oh baby can't you see that you mean the world to me
Oh let me show you how
Girl I need you now
Anyone could see the two of us should be
Girl I need you now

Girl every day I feel the pain
I treated love just like a game
Never realized what I could lose
Oh girl when I look into your eyes
I can see the million tears you'd cried
Left you so alone and so confused

So where are we now
I never meant to let you down
I'd do anything to turn it around
I want your love back if I just knew how
Oh girl you know I need you now

Oh baby can't you see that you mean the world to me
Oh let me show you how
Girl I need you now
Anyone could see the two of us should be
Girl I need you now

Girl I need you now
I need you now
I need you now

Need you now
