Seek and you may find
The love you want in your life
How can you be sure
Is what you're looking for

I want you tell me who you are
Where can you be
Is it that you are someone I've known
And I've seen

So tell me lady of my mind
Is your love so hard to find
So tell me lady of my mind
Will I ever make you mine

There's a part of me
That no one else could ever find
You could set me free
Lady of my mind

I want you tell me who you are
Where can you be
Is it that you are someone I've known
And I've seen

So tell me lady of my mind
Is your love so hard to find
So tell me lady of my mind
Will I ever make you mine

Waiting for the day
That you walk into my life
Open up my heart
And take these lonely nights
But for now it's all that I can do
To keep that dream alive
In search of you
In search of you

Oh baby
Lady of my mind

Where can you be
Lady of my mind
