"No No Never"

Visit "[No No Never](#)" on MotoLyrics.com

Come closer to me, drift into my melody
Don't resist my charms
When you could be in my arms

Let your inhibitions go
Let me take control
Come closer to me, come closer to me
Let your inhibitions go, body and soul
Come closer to me.....cha cha cha

No, no never, no no never, no no never
No no never
Come closer to me, step into this harmony
Don't deprive yourself
To a helping of myself

Let your inhibitions go
Let me take control
Come closer to me, come closer to me
Let your inhibitions go, body and soul
Come closer to me.....cha cha cha

Give in to, give in to - no, no never
Give into the crazy beat
