The day I saw you you know that I fell for you
You looked like heaven on earth to me
A ray of sunshine I needed you in my life
I knew that we were meant to be

Our love- deeper than the deep blue sea, baby that's
our love
Our love-further than the eye can see, like the stars
above
That's our love- me for you and you for me
You know it's all I'm thinking of
That's our love
Our love

I'm walking on the air, coz I know that you care
Look in your eyes it's plain to see
The love that we share, there ain't a thing to compare
You're everything I thought you'd be

Our love- deeper than the deep blue sea, baby that's
our love
Our love-further than the eye can see, like the stars
above
That's our love- me for you and you for me
You know it's all I'm thinking of
That's our love
Our love

Together we can realize
The love we have can come alive
If you believe and I believe

Our love- deeper than the deep blue sea, baby that's
our love
Our love-further than the eye can see, like the stars
above
That's our love- me for you and you for me
You know it's all I'm thinking of
That's our love
Our love

Our love- deeper than the deep blue sea, baby that's
our love
Our love-further than the eye can see, like the stars
above
That's our love- me for you and you for me
You know it's all I'm thinking of
That's our love
Our love
