I've been waiting so long
For the right words to come
Just to make you believe I love you

All I want is to be honest
And to be honest, I don't know

I've been waiting so long
For the right words to say
But there's always a cost
For every line that you cross

And all I want is to be honest
To be honest, I don't know
All I really want is to be honest
If all that you have is a feeling
It's just not enough
I don't know what we're really doing
Or what to call us
But the one thing that I know is true
The one thing I don't want to lose, is you
The one thing that I know is true
The one thing I don't want to lose
Is you

I've been waiting so long
For the right words to come
