There is nothing I could ever do
To deserve the love IÂ've found in You
There is nothing I could say
Nothing I could say to be worthy
If I rise upon the wings of the dawn
If I settle in the depths of the sea
Even there your light will shine
There your hand will guide
You will find me, find me

Search my heart O God
And know my anxious thoughts
And lead me in the way everlasting, everlasting

There are times when I have turned away
Lost sight of what youÂ've done for me
Still you never let me go
Your love has taken hold,
You surround me, surround me

Search my heart O God
And know my anxious thoughts
And lead me in the way everlasting, everlasting
And I will follow, I will follow, I will follow you
In the way everlasting

Search my heart O God
And know my anxious thoughts
And lead me in the way everlasting
Search my heart O God
And know my anxious thoughts
And lead me in the way everlasting, everlasting
And I will follow, I will follow, I will follow You
In the way everlasting
