I close my eyes like I've done a thousand times  
And try to sleep but my mind starts racing  
Cause the days are wearing thin  
And I've been running  
I've been trying to somehow find you now  
Between dreams and clouds

Tonight it will be easy  
To get a good night's sleep baby  
Cause you'll be on my mind  
It's been a long wait but I am ready  
To leave it all behind  
And dream my way back to you now

Stay with me though it's hard to keep  
Distractions from overwhelming  
Cause it's easy to forget  
When the morning wakes this feeling  
That life has passed us by  
While we take our time  
Tonight it will be easy  
To get a good night's sleep baby  
Cause you'll be on my mind  
It's been a long wait but I am ready  
To leave it all behind  
And dream my way back to you now

Now all the things we've said  
All the promises we've thrown around  
Are finding resolution now

Tonight it will be easy  
To get a good night's sleep baby  
Cause you'll be on my mind  
It's been a long wait but I am ready  
To leave it all behind  
And dream my way back to you now  
I'll find my way back to you now
