I can't quite describe this feeling
But I can see it in your eyes
We don't need an invitation
This is once in a lifetime
It's so strong we can't fight it
Or hardly breathe when silence is everything
I don't want to lose this
I don't want to lose this feeling

Please say that we'll never settle for anything less
Than what we're feeling
Please say that we'll never settle for anything less
(You and me would never)

Now the sky's open wide and the light
Has captured the places we try to hide
Even though as time passes by we will find
It's easier to say goodbye
But now we're coming alive
And taking it in, the silence is everything
I don't want to lose this
I don't want to lose this feeling
Please say that we'll never settle for anything less
Than what we're feeling
Please say that we'll never settle for anything less
(You and me would never)

Even when the nights are long
And even when the road we're on seems wrong
And all our friends are moving on
Just say we'll still be there
We'll be right there

Please say that we'll never settle for anything less
Than what we're feeling
Please say that we'll never settle for anything less
(You and me would never)
Please say that we'll never settle for anything less
Than what we're feeling
Please say that we'll never settle for anything less
(You and me would never)
(You and me would never)
