Had I been wise  
Had it been anyone but me  
I would have laughed  
God, aren't you cute, aren't you right  
Had it been coarse  
Had it been anyone but you  
And that mouth  
God, aren't you sweet, aren't you nice

And making it matter is harder than making it clear  
And you can't imagine all that I've done just to get  
myself here  
So you go your way and I guess I'll try to find mine  
Take one look if you please  
'Cause I'm already a threat to your newest disease  
Take one look, take it fast

Had it been fists  
Had it been anything but words  
I would have laughed  
There, find a nice spot, dig it right in  
Had it been spring  
Had it been anything but fall  
On your knees  
There, show some respect, learn how to hear

And making it matter is harder than making it clear  
And you can't imagine all that I've done just to get  
myself here  
So you go your way and I guess I'll try to find mine  
Take one look in my eyes  
'Cause I'm already a smudge in your beautiful sky  
Take one look, take it fast

How does it feel now that you know?  
How do you see with your eyes closed?  
How do you know?  
How do you know that making it matterâ€¦  
And you can't imagineâ€¦  
So you go your way and I guess I'll try to find mine  
Take one look when you go

'Cause I'm forever in debt to this deafening blow  
Take one look, take it fast  
Take one look, make it last
