There's a storm that's barely passed us by
I can almost still see clouds on the horizon
It was a moment that turned the tide
And now nothing's ever gonna feel the same
Cause it was just too soon to say goodbye forever
Oh, it feels too soon for us to say goodbye
But if there's one thing I could see
That helps to ease the suffering
It was the hope inside your eyes when hope was gone

Is there a place on the other side
Where you can rest your head tonight
I need to know it'll be alright
And on the wings of angels you will fly

Well, I know your life was never easy
And you wrestled with your demons till the end
But it's your laughter and your songs that I'll be
missing
It's what you will always be remembered for
Now in the wake of seeing endings and beginnings
Oh it's hard to think about eternity
So now I'm asking for a sign
To make some sense here in my mind
When all I really want is to believe

Is there a place on the other side
Where you can rest your head tonight
I need to know it'll be alright
And on the wings of angels you will fly

And in the sweet by and by
We shall meet on that beautiful shore
In the sweet by and by
We shall meet on that beautiful shore
We shall meet on that beautiful shore
