In the summertime the sun don't shine
In the town we live in
I went around but still no sound
In the town and all around it's gloomy
Doo doo

Oh it's rain or shine so make up your mind
In the town we live
I went around but still no sound
In the town and all around it's gloomy
Doo doo ooh it's so gloomy doo doo
Ooh flowers should be blooming
Ooh but it's so gloomy

And my restless mind get's too much time to myself
It's summertime, come on take the sun off the shelf
'Cause it's too gloomy
Ooh well it's so gloomy

Ooh flowers should be blooming
Ooh but it's so gloomy
Well it's so gloomy
