Sunshine
I'd really like to tell you
Oh my sunshine
Even though your skies are blue
You're drying up my bed
How can I get any rest now?
Sha la la la la la la

Someday
You will get the best of me
Oh someday
Probably when I'm old and grey
I'm lying in my bed
And I will soon be put to rest now
Sha la la la la la la

Sunshine
I'd really like to tell you
Oh my sunshine

Even though your skies are blue
You're drying up my bed
How can I get any rest now?
Sha la la la la la la

Someday
You will get the best of me
Oh someday
Probably when I'm old and grey
I'm lying in my bed
And I will soon be put to rest now

I'm lying in my bed
And I will soon be put to rest now (Ooh ooh) [x2]
Sha la la la la la la
