Didn't know how much I loved her
I'll never know what might've been
I'd give anything to hold her
And have her back again

I never should'a let her go
So many things I should'a let her know
Should'a held her in my arms said baby no, please wait
I woke up to find, she had changed her mind
I'd run out of time, 'bout a million kisses late

No I'm no good without her
And I feel lost out on the streets
Ask all our friends about her
And the news is bittersweet

I never should'a let her go
So many things I should'a let her know
Should'a held her in my arms said baby no, please wait
I woke up to find, she had changed her mind
I'd run out of time, 'bout a million kisses late

I let her walk away, I lost it all that day
Don't make the same mistake

[instrumental]

I never should'a let her go
So many things I should'a let her know
Should'a held her in my arms said baby no, please wait
I woke up to find, she had changed her mind
I'd run out of time, 'bout a million kisses too late
