Slowly uncovered, from a shallow grave of amber
leaves
Wind blows revealing a frozen tear upon my face
Black crows are guarding, a grave up to now that's had
no name,
It's almost like they knew this could never be my
resting place
My heart starts to beat in time again, broken bones do
mend

Chorus

Cause I see your life, through bloodshot eyes
The smile you see, not the pain it hides
Trust the fool, he'll never shine like a firefly
I'm healing from last results, compromise in
summersaults
I'm moving on, I'm gonna shine like a firefly

Sunlight, warm me and penetrate these broken bones
Windows are frozen they lock me out of a life I know
And my eyes are bleeding, cause I learn to see in the
blackest night
Cause once a king always a king

Chorus

Cause I see your life, through bloodshot eyes
The smile you see, not the pain it hides
Trust the fool, he'll never shine like a firefly
I'm healing from last results, compromise in
summersaults
I'm moving on, I'm gonna shine like a firefly

My heart is going be in time again, broken bones do
mend

Chorus

Cause I see your life, through bloodshot eyes
The smile you see, not the pain it hides

Trust the fool, he'll never shine like a firefly
I'm healing from last results, compromise in
summersaults
I'm moving on, I'm gonna shine like a firefly

Never shine like a firefly
