(W. Hector / R. Smith)

Well, remember when Moses stopped to part the sea

Walking on water down in Galilee

And the changing of water into wine, that no one else could do

Well, my little miracle is you

The Midas king with magic in his touch

Everything turned to gold and such

Well.. you must be the queen of alchemy, you change me through and through

Well My little miracle is you

Magical mystical, I wouldn't miss it all

All of the things that you do

I made a wish before, wished on that star before

Someone to love me like you do

I remember the bolt that came out of the blue

And I remember the first time I laid eyes on you

And the stars they dance inside my head, Baby that's when I knew

My little miracle is you

Magical mystical, I wouldn't change it all

All of the things that you do

I made a wish before, wished on that star before

Someone to love me like you do

I remember the bolt that came out of the blue

And I remember the first time I laid eyes on you

And the stars they dance inside my head, Baby that's when I knew

My little miracle is you
