Throwing pennies in the wishing well
Won't cast a spell
And change your heart

Why don't we just call this what it is
There's no such thing as time apart
Let's just walk away

Don't say anything because
There's no regrets
I won't forget the best of times
And if nothing more will come of this
The time we had was yours and mine
Even though we fell
I'll always wish you well

And the only thing we know
Is that love it comes and it goes
Will we find the magic that we felt
With someone else?

Only time will tell
I'll always wish you well

You never know what this life may bring
The deepest wounds will heal in time
So if we ever meet face to face
Don't find a veil to hide behind

I hope you can tell
I'll always wish you well
And the only thing we know
Is that love, it comes and it goes
Will we find the magic that we felt
With someone else?

Only time will tell
I'll always wish you well

And the only thing we know
Is that love it comes and it goes

Will we find the magic that we felt
With someone else?

Only time will tell
I'll always wish you well
Only time will tell
I'll always wish you well

I'll always wish you well
Throwing pennies in the wishing well
