Words, Words, Words
How come there's so many, but i can't find any?
Words, words
How can I possibly say it perfectly all that you mean to me?

I don't wanna let another day passes by without a chance to say
Thank you! thank you!
And I don't think you have a clue
For every day you pull me through
For all of the thing that you do
Thank you! Thank you!

Love, Love, Love,
I don't always show it, but I hope you know it
Love, Love
Cause when I wish for you
And everything you do
Cause of all that you do to me (yeah hey yeah)

I don't wanna let another day passes by without a chance to say
Thank you! thank you!
And I don't think you have a clue
For every day you pull me through
For all of the thing that you do
Thank you! Thank you!

I don't wanna let another day passes by without a chance to say
Thank you! thank you!
And I don't think you have a clue
For every day you pull me through
For all of the thing that you do
Thank you! Thank you!

Thank you!

Love, Love, Love,
I don't always show it, but I hope you know it...
