[intro]

See this is grace
Its unmerited savor from God
Something that is so undeserved
Without the grace of God and mercy of God
We would all be lost
We wouldn't have a chance

[verse 1]

Days come 'round and it's come and gone
And I'm stuck in the same old circle (same old circle)
Stuck in a place that I don't know
But I really know what can be
I wanna know if you could let me
(cuz I can not let myself)
I wanna know if you could save me

[CHORUS]

I'm not the same
I've changed
Since you've called my name
Look at me I'm free
Since you saved me

[verse 2]

When I come to my senses I know you
You are everything I need
And of course you are
All you were for me
When I am sittin' all alone
(you can set me free)
When I was lost on my own
You came and saved me

[CHORUS]

I'm not the same
I've changed
Since you've called my name
Look at me I'm free
Since you saved me

[bridge]

Is there really love for God?
Do you really care about him?
Do you value what he did?

[CHORUS]

I'm not the same
I've changed
Since you've called my name
Look at me I'm free
Since you saved me
[x3]

[Outro]

You took my heart and saved my soul
mhmm-woahhh
whooo-woo-oooo
