I was ready for the truth
I wasn't ready for the situation

You're out of you're mind suddenly were fine
But now you want out

I was ready for a change
I wasn't ready for a revolution

Well maybe it's time, maybe it's time we figure this out

So let's not walk away
From the one thing we know is great
Life can trip you up, on a perfect day
And let's not run and hide
From the truth we know inside
Life can trip you up, on a perfect day

You want to make an escape
You want to prove this was a grand illusion

Oh but maybe it's wise we look inside and work it all out

So let's not walk away
From the one thing we know is great
Life can trip you up, on a perfect day
And let's not run and hide
From the truth we know inside
Life can trip you up, on a perfect day

Come out of the clouds
Stand right in front of me oh oh oh oh
Don't hollow me out
I'm not the enemy oh oh oh oh
Oh oh oh

I was ready for the truth I wasn't ready for the situation
Well maybe in time maybe in time I'll figure this out

So let's just walk away
From the one thing we know is great

Life can trip you up, on a perfect day
And let's not run and hide
From the truth we know inside
Life can trip you up, on a perfect day

Oh life can trip you up on a perfect day
Life can trip you up on a perfect day
On a perfect day
