It's hard to leave our ivory tower,
So please walk me down, with your tears and
goodbyes.
Like fallen leaves that cover beautiful flowers,
So many words is what silence implies.

Remember me as the man that loves you pure,
And always know, you're the one that I adore,
Just one last thing before you close the door...

If you ever face the wind,
Listen carefully....
You'll hear my heart sing,

DaDaDa, DaDaDa, DaDaDaDaa,
DaDaDa, DaDaDa, DaDaDaDaa,
If you ever face the wind,
Listen carefully...

I close my eyes but I cannot stop the tear,
This lonely river, I don't dare to let it flow,
So un-denied, that our love will last for years,
If my mind forgets you, no, my heart never will.

I dreamed of you, last night, I thought I'd died,
And desperately my heart so needs to smile.
Just one last thing so that life can dry your eyes...

If you ever face the wind,
Listen carefully...
You'll hear my heart sing,

DaDaDa, DaDaDa, DaDaDaDaa,
DaDaDa, DaDaDa, DaDaDaDaa,
Oh Yeah,
DaDaDa, DaDaDa, DaDaDaDaa,
DaDaDa, DaDaDa, DaDaDaDaa,
Oh, I must learn to breathe,
Learn to live,
Learn to fire love,
Learn to live,

Oh, and I..
I cannot die.

'Cos if you ever face the wind,
Listen carefully...
You'll hear my heart sing,

Cos this is all I ask for,
Let me be the wind upon your face,
This is all I ask for,
Let me be the wind upon your face.
DaDaDa, DaDaDa, DaDaDaDaa,
DaDaDa, DaDaDa, DaDaDaDaa,
'Cos this is all I ask for,
Let me be the wind upon your face.
DaDaDa, DaDaDa, DaDaDaDaa,
DaDaDa, DaDaDa, DaDaDaDaa.

'Cos if you ever face the wind,
Listen carefully...
You'll hear my heart sing.
