Slowly uncovered, from a shallow grave of amber  
leaves  
Wind blows revealing a frozen tear upon my face  
Black crows are guarding, a grave up to now that's had  
no name,  
It's almost like they knew this could never be my  
resting place  
My heart starts to beat in time again, broken bones do  
mend

Chorus

Cause I see your life, through bloodshot eyes  
The smile you see, not the pain it hides  
Trust the fool, he'll never shine like a firefly  
I'm healing from last results, compromise in  
summersaults  
I'm moving on, I'm gonna shine like a firefly

Sunlight, warm me and penetrate these broken bones  
Windows are frozen they lock me out of a life I know  
And my eyes are bleeding, cause I learn to see in the  
blackest night  
Cause once a king always a king

Chorus

Cause I see your life, through bloodshot eyes  
The smile you see, not the pain it hides  
Trust the fool, he'll never shine like a firefly  
I'm healing from last results, compromise in  
summersaults  
I'm moving on, I'm gonna shine like a firefly

My heart is going be in time again, broken bones do  
mend

Chorus

Cause I see your life, through bloodshot eyes  
The smile you see, not the pain it hides  
Trust the fool, he'll never shine like a firefly

I'm healing from last results, compromise in  
summersaults  
I'm moving on, I'm gonna shine like a firefly

Never shine like a firefly
