Wondering if I'm gonna make it,
Got a flat line from a heart that's breaking, I
Don't mind the climb at all, but
In life sometime everybody needs to freefall.

Think about a good time
With no fear, hey
Everybody is welcome here.
So leave, all those who don't believe....

And

Fly,
Right back into your crazy life,
Never gonna miss a sunrise anymore...
The more I see, the more I want it,
The more I see, the more I want it

All, All, Oh yeah
All, All, Oh yeah.

When you take a bow,
It don't mean you gotta leave the stage
'Cos I been high while
Living on a lower wage, yeah.
Just a breathe, it's a righteous way of getting paid this
Crazy life, it's the only thing that you'll ever need.
But please just freefall,

Think about a good time
With no fear, Hey
Everybody is welcome here.
So leave, all those who don't believe....

And

Fly,
Right back into your crazy life,
Never gonna miss a sunrise anymore...
The more I see, the more I want it,
The more I see, the more I want it

All, All, Oh yeah
All, All, Oh yeah.

But please just freefall
Think about a good time
With no fear, hey
Everybody is welcome here
So leave, all those who don't believe...

And

Fly,
Right back into your crazy life,
Never gonna miss a sunrise anymore...
The more I see, the more I want it,
The more I see, the more I want it

All, All, Oh yeah
All, All, Oh yeah.

I want it all,
I want it all, oh yeah,
I want it all, I want it all, I want it all,
I want it all, I want it all, I want it all,
I want it all, I want it all, I want it all,
I want it all, I want it all, I want it all,
Oh yeah...
