I've been lost in the water like a rolling rock  
My heart always felt incomplete  
Like someone out there's waiting for me  
I always said that I would  
(It's a song for my baby, It's a song. It's a song for my baby)  
Wait a while, wait until perfection comes  
Wait a while, wait until perfection comes, And it comes

Gravity yeah it lets me fly  
It keeps our love up in the clouds (Up in the clouds)  
Gravity it feels good to fall  
Into your life and solid ground  
Ten minus touchdown, Ten minus touchdown

Oh my God it feels exactly just as good as I thought  
You dried the streets where there once was rain  
Now I know that love can never come too late  
I always said that I would  
(It's a song for my baby, It's a song. It's a song for my baby)  
Wait a while, wait until perfection comes  
Wait a,while, wait until perfection comes, And it comes

Gravity yeah it lets me fly  
It keeps our love up in the clouds (Up in the clouds)  
Gravity it feels good to fall  
Into your life and solid ground  
Ten minus touchdown, Ten minus touchdown

Yeah you complete my life, Yeah you complete my life  
Yeah you complete my life, Yeah you complete my life

Gravity yeah it lets me fly  
It keeps our love up in the clouds (Up in the clouds)  
Gravity it feels good to fall  
Into your life and solid ground  
Ten minus touchdown, Ten minus touchdown

Gravity yeah it lets me fly  
It keeps our love up in the clouds (Up in the clouds)  
Gravity it feels good to fall

Into your life and solid ground  
Ten minus touchdown, Ten minus touchdown
