Don't say too much tonight
I'm still your friend after we fight
Try to remember the love we came from
And where our hearts still want to go
I'm not ashamed to say I'm scared
Don't think you know I'm suffering
Can't we make love and reconnect (reconnect
yeah)

CHORUS

So if we're lost
Let's just find our way
We're not footprints that wash away
I can't imagine not saying the words
Darling good morning
If we're lost
Let's just find our way
My arms can be a familiar place
I can't stand here and wonder
Stand here and wonder
Where I stand

Just stop and take a breath
It's time to lay the past to rest
I'm tired of you looking through me and not into me
my love
You always say I hold you tight
If I let go (tell me) would you fight
Together we're music
Why would we ever dance alone?

CHORUS

So if we're lost
Let's just find our way
We're not footprints that wash away
I can't imagine not saying the words
Darling good morning
If we're lost
Let's just find our way
My arms can be a familiar place

I can't stand here and wonder
Stand here and wonder
Where I stand

Oh I'm not ready to lose her .. no

If we're lost
Let's just find our way
(Oh) My arms should be a familiar place (My arms be
your home)
I can't stand here and wonder (no baby)
Don't make me stand here and wonder where I
stand

I'm not ready (rpt x 2) to lose her
I'm not ready (rpt x2) to lose her
