Yesterday a clear horizon, now the clouds are rolling in  
it's disappeared,  
The one thing that i've always believed in, it's strange  
how right now it all seems so unclear  
I consult my soul and it tells me that it knows, there's  
no doubt one day i'm gonna fly  
Gotta stand up, dust myself off, just for now, it's the  
end of the road

When something ends something begins, but now it's  
just the end of the road,  
When someone loses someone wins, but now it's just  
the end of the road, don't get to fix it if it doesn't  
break,  
But now it's just the end of the road, when you gotta  
leave it makes you wanna stay, i know it's the end of  
the road, it's the end of the road

One line can change a story, so sometimes let the line  
just be unsaid,  
Pride only thinks about the glory, and just the right now  
and not the days ahead  
I've held my breath, walked on shells hoped for the  
best, what the future holds, i don't know  
I've gotta stand up, dust myself off, just for now, it's  
the end of the road

When something ends something begins, but now it's  
just the end of the road,  
When someone loses someone wins, but now it's just  
the end of the road, don't get to fix it if it doesn't  
break,  
But now it's just the end of the road, when you gotta  
leave it makes you wanna stay, I know it's the end of  
the road

I've been traveling, get the dust right off the  
windshield,  
No one gets the road map to their life,  
Cause life is so subjective, i'll take my pain and I wanna  
protect it,  
Never blinds me always reminds me, there's so much

more to see, at the end of the road

When something ends something begins, is this the  
end of the road, when someone loses someone wins,  
oh is this the end of the road

When something ends something begins, but now it's  
just the end of the road, when someone loses someone  
wins,

But now it's just the end of the road, don't get to fix it if  
it doesn't break, but now it's just the end of the road,  
when you gotta leave it makes you wanna stay,  
I know it's just the end of the road
