I need a drink, I want it to be brown, easy to hold when  
I'm weak,  
Sleeping in the clouds, not a good place to be,  
Need my feet on the ground, and a pocketful of green.

Wanna feel the sand and taste the sea,  
I wanna wake up late and sleep for a week,  
I want to arrive the early side of later,  
I want to live on the right side of the equator.

Want to walk where it says keep off the grass,  
Wanna buy records I loved from the past,  
I wanna kiss one hundred places,  
I wanna make love, be warm, rich and naked.

Don't wanna pay any more bills,  
Wanna know the surname of that girl that I feel.

Just for a change,  
Just for a change,  
Just for a change, change.

I need some rose in my cheeks,  
I need to cry all night from laughing,  
Wanna bin the lies that I believe in ,  
Wanna be the cat amongst the pigeons.

By a stranger, I wanna be seduced,  
And never only wanna wear a suit,  
I never want biscuits unless I've got tea,  
I wanna live like a butterfly and work like a bee.

Be heard and not have to shout,  
And I really, really wanna work out.

Just for a change,  
Just for a change,  
Just for a change, Change

Come on,  
Make some noise,

Make some noise,  
Make some noise, oh,  
Just for a change, change,  
Just for a change  
Just for a change

Come on,  
Make some noise,  
Make some noise,  
Make some noise, oh yeah,  
Just for a change,  
For a change,  
Just for a change.
