I know when I first met you, I would wait on your every word

I've slowly let the silence in, and put you second to my world

Sorry without the actions, it's just an empty word

I know you don't need no diamond ring  
You need a simple thing, a simple thing  
More Our Time, just you and me, Our Time  
We need some, just you and me together  
More our time, just you and me, Our Time  
We need some, we need some, yeah

I know you'll never say a word, but I can see it in your eyes

I know that you still love me babe, but your hearts been compromised

Let me be what I used to be, let me be your King

I know you don't need no diamond ring  
You need a simple thing, a simple thing  
More Our Time, just you and me, Our Time  
We need some, just you and me together  
More our time, just you and me, Our Time  
We need some, we need some, yeah

We need some our time, we need, we need, we need,  
we need

Just you and me together

We need some our time, we need, we need, we need,  
we need

Just you and me together

So come, come baby won't you come undone, let my love undress your soul

I know I've not been there for you, I know, I know, I know  
Sorry yes I'm sorry, but sorry does get old

I know you don't need no diamond ring  
You need a simple thing, a simple thing  
More Our Time, just you and me, Our Time  
We need some, just you and me together

More our time, just you and me, Our Time  
We need some, we need some, yeah

We need some our time, we need, we need, we need,  
we need  
Just you and me together  
We need some our time, we need, we need, we need,  
we need  
Just you and me together

Together forever, together forever  
Oh I'm so sorry baby, I'm so sorry baby  
Together forever, together forever
