I'm driving thinking about things to take my mind off of
other things

Feels good hiding in this cocoon will fill my room with
wheels

I'm watching her fixing her lipstick, it makes me
wonder how she tastes

I know it's very voyeuristic but my rearview mirror
entertains me

We're all kings of different things, this life just makes
me smile

I'm stuck in never ending traffic lights: don't care if
they take their

Time

Relax with you time; Relax with you time

The music's turned up so loud that I can't even hear the
phone

It so much more sophisticated then saying can't you
leave me alone

I love this beautiful vacuum with air coming in and out

This rides almost transcendental hey babe, thanks for
helping me out

We're all kings of different things, this life just makes
me smile

I'm stuck in never ending traffic lights: don't care if
they take their

Time

Relax with you time; Relax with you time

We're all kings of different things; life just makes me
smile

I'm stuck in never ending traffic lights: don't care if
they take their

Time

We're all kings of different things; this life just makes
me smile

I'm stuck in never ending traffic lights: don't care if
they take their

Time

Relax with you time; Relax with you time
Relax with you time; Relax with you time

Gotta realize, gotta realize, gotta realize
