I'm burned out and wasted
I'm tired of pacing
I'm busy erasing voices of the dead
Everything changes
And everyone's faceless
I wanna replace this darkness in my head

In a strange strange place, I'm lying on the edge of a
star
In these violent days, I only wanna be where you are
Even fools they say... can find a way out of the dark
Of the dark
Help me out of the dark

Have I been a sinner?
A lover, a killer?
Cause the world I've discovered
It feels nothing like my heart
I wanna escape it
Or try to embrace it
I keep re-arranging everything I know

In a strange strange place, I'm lying on the edge of a
star
In these violent days, I only wanna be where you are
Even fools they say... can find a way out of the dark
Of the dark
Help me out of the dark

Out... of the dark
Help me out of the dark
