When you finally get that break  
That you've been waiting for  
When you finally get that boot in the door  
All those years of being broke  
All the tears and broken hearts  
Well, you'll find out that's just the easy part

'Cause when you get your wishes  
What you gonna do  
Sitting in the driver's seat  
And every eye's on you?

You better drive it like you stole it  
Hit the hole like it's fourth and go  
You better take it like you own it  
Hit the stage and then steal the show  
'Cause it's your moment, you better get on it  
And drive it like you stole it

Go ahead and take a moment to enjoy the view  
Long enough to catch a breath or two  
But you didn't come this far just to say you did  
No, you didn't come this far to quit

All our time is borrowed  
And life it is a gift  
And this body's just a rental  
Before you leave it in the ditch

You better drive it like you stole it  
Hit the hole like it's fourth and go  
You better take it like you own it  
Hit the stage and then steal the show  
This is your moment, you better get on it  
And drive it like

It's a high speed chase  
Blue lights in the mirror  
No time to waste  
You better get it in gear

And drive it like you stole it  
Hit the hole like it's fourth and go  
You better take it like you own it  
Hit the stage and then steal the show  
This is your moment, you better get on it  
And drive it like you stole it

Like you stole it  
Drive it like you stole it  
Like you stole it
