Come let us return to where we were
Back to knowing life and saving words
Back to where we heard redemption speak
Where You brought us to our knees

Come let us return to Eden's heart
Long before the fall, back to the start
Back before we covered up our sin
And took a second skin

Once upon a time
I'm lost and found
I'm saved and drowned
I'm everything and nothing all at once
I'm so far gone
But I'm already home
With everything and nothing but Your love

Come let us discover something new
Cause we're all pilgrims on a journey to the truth
We're all wanderers relying on a man
To help us understand

Cause everybody wants to see the proof
We're always tripping on our pride to get to You
So blessed are the ones who haven't seen
But still believe

Once upon a time
I'm lost and found
I'm saved and drowned
I'm everything and nothing all at once
I'm so far gone
But I'm already home
With everything and nothing but Your love

My heart is tin but love is real
I'm unconvinced by what I feel
No yellow bricks to pave this road
Oh, straight and narrow lead me home
Lead me home

I'm lost and found
I'm saved and drowned
I'm everything and nothing all at once
Oh, I'm so far gone
But I'm already home
With everything and nothing but Your love
Everything and nothing
Everything and nothing
Everything and nothing but Your love
Nothing but Your love
Nothing but Your love
