Heading to town,  
In the car now,  
Another night out,  
Already two down,  
Follow the street light,  
It's ten to midnight,  
I'm gonna drink the night away,  
Try to impress,  
I couldn't care less,  
Light a cigarette,  
And do it all again,  
Run straight through,  
What I'm gonna do,  
I won't remember ever getting home,

But I can't, won't stop this,  
Going out tonight and there's nothing I can do,  
But I can't, won't stop this,  
I'm out tonight and it's time for me to say,

Here's to, the night, we all, we owe to,  
Raise your glass, cause this one's for you,  
And how we make it, if we make it,  
Tonight we'll make it,  
Sing out, as the music, it plays loud,  
Grab your girl, and common lets dance,  
We're gonna make it, tonight we'll make it,  
We're gonna make it count,

Hanging by a thread,  
Forgetting what I said,  
Keep the same speed,  
No slowing down on me,  
Feel so on edge,  
That's okay I guess,  
Going to a place I don't know,  
Take a walk round,  
Trying to find out,  
Where time's gone,  
What I am on about,  
You wanna flick a switch,

And have a slow kiss,  
Take this further, maybe take this home,

I can't, won't stop this,  
I'm out tonight and it's time for me to say,

Here's to, the night, we all, we owe to,  
Raise your glass, cause this one's for you,  
And how we make it, if we make it,  
Tonight we'll make it,  
Sing out, as the music, it plays loud,  
Grab your girl, and common lets dance,  
We're gonna make it, tonight we'll make it,  
We're gonna make it,

Never ending, contemplating,  
Not waiting, no more,  
Break your silence,  
Take your moment now,

But I can't, won't stop this,  
Going out tonight and there's nothing I can do,  
But I can't, won't stop this,  
I'm out tonight and it's time for me to say,

Here's to, the night, we all, we owe to,  
Raise your glass, cause this one's for you,  
And how we make it, if we make it,  
Tonight we'll make it,  
Sing out, as the music, it plays loud,  
Grab your girl, and common lets dance,  
We're gonna make it, tonight we'll make it,  
We're gonna make it count
