"Without You"

Where are you my love?
I need you my love
Please try to forgive
For I cannot live
No I can't go on without you

Swallow all your pride
This I beg of you
And I'll cry no more
No not like before
For I've tasted tears without you

Come back my love
I know I was wrong
And now I pray
That I can be strong

Run to me my love

Fill my empty arms
Come as close as you can
For though I'm a man
I'm just a child without you

Come back my love
I know I was wrong
And now I pray
That I can be strong

Run to me my love
Fill my empty arms
Come as close as you can
For though I'm a man
I'm just a child without you
