I don't want your,
I don't want your,
I don't want your photograph,

Cruel directions and headlight snow,
300 miles to another show,
the windows leadin to your soul,
never looked so fine but I gotta go

I'll never forget your face,
I don't need pictures,
slow, lonely digital eyes,
over-exposed, unnatural smile

don't want your,
don't want your,
don't want your photograph

pictures cut the skies at night,
I got a feel-good woman,
who treats me right,
night after night,
I got a feel-good woman
who treats me right

I'll never forget your face,
I don't need pictures,
slow, lonely digital eyes,
Over-exposed, unnatural smile

Am I still your hero if I got no gun?
I keep seein this face in zero's and one's,
comin off satellites through the sun,
am I still your hero if I'm on the run?

I'll never forget your face,
I don't need pictures,
Slow, lonely digital eyes,
Over-exposed, unnatural smile

I'll never forget your face (x4)

I don't want your photograph (x4)
