Pull your pin and throw yourself at me
We could explode simultaneously
I am trying to transform you stranger
Into a lover from far away

'Cause I'm in love
Gunslinger
With my finger
On the trigger
And the stranger, soon will be mine
So jump the gun and throw yourself at me
I'll aim steady and fire away

Laser guided love
Laser guided love
Coming straight for you
Till the end of time

I've got crosshairs on your heart
I loved you from the start
Five minutes ago now
I'm the lonely son of a gun
Who knows no one
Won't you come and see me?

'Cause your hair
You're a lover
with a face
Like no other
And eyes like a sheet on fire

I got crosshairs on your heart
You better look out babe
I'm gonna blow it apart

Laser guided love
Laser guided love
Coming straight for you
Till the end of time

Pull your pin and throw yourself at me

We could explode simultaneously
I am trying to transform you stranger
Into a lover, mine for you is true

Laser guided love
Laser guided love
Coming straight for you
Till the end of time
Till the end of time
Laser guided love
