Come on, light up the sunset with my heart
Come find me and save me, meet the stars
All I wanted was a memory
Come pull some diamonds from these saints attack
I mean, come on, let's face it...
Let's paint this town red with purpose
All I want is a good time,
But I don't have fun if I ain't with you

Under the stars, and stars are shining
Will I feel love less, but my heart is still on!

Sing one for the soldiers that defend my heart
Cause she defeats some... with precision sharp
All I want was my freedom,
But I don't free if I ain't with you

Under the stars, and stars are shining
Will I feel love less, but my heart is still on!

Burn up my ticket, ashes to the room
Cut my thighs open, slash them with your...
All I want was the sense and place
That I don't feel hurt if I ain't with you

Under the stars, and stars are shining
Will I feel love less, but my heart is still on!
Under the stars, and stars are shining
Will I feel love less, much to love, oh, oh

Oh, what's... how much do you love?
It's time, this time, how much do you love?
Yeah, yeah!
It's such a time love, love real
