never saw it comin'
came at me through a red light
never though i be there
at the wrong place at the wrong time

i never tried to steal your time
so stranger, don't steal mine

never trusted no one
this is my life don't you understand
with your eyes down at the f.m
tuning out the task at hand

i never tried to steal your time
so stranger, don't steal mine

well i never saw it comin'
it came at me in a flash of light
and i almost didn't make it
in the middle of the night
