Baby you're improvabe
It won't Take long
Mountains can be movable
If the spirit's strong
You've got possibilities
Takes a fella to tell
You've got possibilities
Let me pry you from your shell

Somewhere way down deep in you There's life No
doubt
It's just been asleep in you Let me bring it out Yes
You've got possibilities Maybe even a lot
Redhot possibilities You don't even know you've got
You won't be shy When I get through
I'll make you purr You pussycat you
Somewhere way down deep in you There's life No
doubt
It's just been asleep in you Let me bring it out Yes
You've got possibilities Maybe even a lot
Redhot possibilities You don't even know you've got
