I'm wide awake and so alive
Ringing like a bell
Tell me this is paradise
And not some place I fell
My skin like scars
Cause I keep on falling down

I wanna feel the car crash
I wanna feel the capsized
I wanna feel the bomb drop, the earth stop
Till I'm satisfied

I wanna feel the car crash
Cause I'm dying on the inside
I wanna let go and know that
I'll be alright, alright

Push me til I have to fly
I've shed my skin, my scars
Take me deep out past the lights
Where nothing dims these stars
Nothing dims these stars

I wanna feel the car crash
I wanna feel the capsized
I wanna feel the bomb drop, the earth stop
Til I'm satisfied

I wanna feel the car crash
Cause I'm dying on the inside
I wanna let go and know that
I'll be alright, alright

So right
So wrong
I'm wide awake and so alive

I wanna feel the car crash
I wanna feel the capsized
I wanna feel the bomb drop, the earth stop
Til I'm satisfied

I wanna feel the car crash
Cause I'm dying on the inside
I wanna let go and know that
I'll be alright, alright

Cause I'm open wide
So right, so right
