some, would let it go to start again  
knowing now how all our best intentions never lit the  
world on fire  
lights, illuminate the exit signs  
and over the wings the skies an open endless sea,  
crowding up surrounding me

and all, of Detroit waves  
goodnight  
spread out  
beneath  
me now  
if I could, if I could stay  
believe me  
I would (I would)

and when, you're warm enough to share your sheets  
bold enough to make believe that I was only there long  
enough to disappear  
I'll still, say your name to fall asleep  
over and over a cynic saying rosary  
a liar in his make believe

and all, of Detroit waves  
goodnight  
spread out  
beneath  
me now  
if I could, if I could change  
believe me  
I would (Detroit waves)

and Detroit waves,  
goodnight  
spread out  
beneath me now  
if I could change  
believe me  
I would  
yes I would (I would, I would...)
