I was holding you so tight and you were holding me  
So wrapped up in the moment I was feeling such  
security  
and the first few weeks were just like heaven  
but I never really seemed to get that high  
so now I just sit here laughing at the time that passed  
me by  
It's times like these when I feel I'm on my knees beggin'  
Please don't go  
And as you slipped away  
I couldn't admit that we were through  
and as you slipped away  
I found I lost myself in search of you  
I was holding you so tight and you were holding him  
but you left the door so wide open that I was sure you'd  
come back in  
And now the only time I can hold you is in my mind  
but that doesn't seem to fill me up inside  
So yes I felt lonely and yes I felt a need  
and you seemed to feel it necessary to make me see  
that I was wrong and you were right and that all my  
attempts  
were in vain but I was pretty sure you'd turn around and  
want me back again  
And as you slipped away  
I couldn't admit that we were through  
And as you slipped away  
I found I lost myself in search of you  
I was holding you so tight when you needed help  
I guess insecurities catch up to you when your lying to  
yourself  
But I wasn't lying when I told you all that you could be  
but it was no use  
You never really listened to me  
I was holding you so tight but now I've let you go
