If I bent like you said was best
Would that change a thing?
If I spent myself 'till nothing's left
Would you still leave me here?

You're so sorry about it all
Now that it's over
Should i thank you for that dear?
You're so sorry about it all
And I hope you'll always be

I remember you best
Hating all the boys who got to you
And all the things they took
That you'd kept for yourself
Every car crash, every misstep, every word

You're so sorry about it all
Now that it's over
Should I thank you for that dear?
You're so sorry about it all
And I hope you'll always be
Always be

I remember you best
Hating all the boys who got to you
And all the things they took from you again
It's all wrong, it's all wrong

You're so sorry about it all
Now that it's over
Should I thank you for that dear?
You're so sorry about it all
And I hope you'll always be
Always be

Good night, farewell
Is this everything you wanted?
Is this everything you wanted?

Good night, farewell
Is this everything you wanted?

Is this everything you wanted now?
