you blew through me
like a hurricane
got me twisted, oh
you got me twisted
you promised blue skys
and brought the rain
and I went missing, oh
I went missing

while I was sleeping
you robbed me blind
drunk on your power
your sweet turned sour

you sent me sailing into the rocks
my queen of (K)nots
your heart's a jungle of bar fights
lonely little queen of (K)nots
you must be lost

you sounded desperate
and you bought your friends
they hang like targets
such easy targets

I never seen aim so steady
no no I've never seen a mind so bent
you pull the trigger
you're cold like winter
the spell I was under
of your see-through skin
I was drunk on your power
and turned you louder

you sent me sailing into the rocks
my queen of (K)nots
your heart's a jungle of bar fights
lonely little queen of (K)nots
you must be lost

I won't be there when the love comes out

I won't be there when the word gets round (round)
cause your someone else's baby
you're someone else's crazy, now

while I was sleeping
you robbed me blind
drunk on your powers
your sweet turned, sour

you sent me sailing into the rocks
my queen of (K)nots
your heart's a jungle of bar fights
my queen of (K)nots
you must be lost

your hearts a stumbling block
you're my queen on (K)nots, come-on
you're hearts a jungle of bar fights
lonely little queen of (K)nots
you must be lost

I won't be there
I won't be there
