I'm weak when you miss me  
When you roll me on your tongue..  
When you whisper me your best moves  
I almost believe you  
But you don't know me at all

I spent days stupid nailed to your floor  
And i spent nights pushed against you  
Trying to keep warm  
But you don't know me at all.

Show me where the sun comes through the sky  
I'll show you where the rain gets in  
And i'll show you hurricanes  
And the way that summer fades...  
Underneath the weight of it all

I'm covered by lovers,  
Who recite lines  
Convinced their bodies  
Are gonna save mine  
But you don't know me at all..

Show me where the sun comes through the sky  
I'll show you where the rain gets in  
And i'll show you hurricanes  
And the way that summer fades  
Underneath the weight of it all  
...the weight of it all, oh

...show me,  
Show me where the sun comes through the sky  
I'll show you where the rain gets in  
And i'll show you hurricanes  
And the way that summer fades

You can lift me up to put me down again

Underneath the weight of it all  
...the weight of it all
