look around, look around  
& imma tell you what i've found  
in a world so cold and oh so lonely  
i try to find  
find a reason why i'm in denial  
in denial about falling again  
dont know if i can bring myself to do it, noo  
and just when i  
just when i had turned my back on love  
is when i laid my eyes on you  
you're the answer to everything, everything

she's incredible  
the way her body speaks to me, yeah  
is unbelievable  
that this could ever happen to me, yeahh  
i finally found ya, found ya, found ya  
finally found the one thats made for me  
i finally found ya, found ya, found ya  
finally found the one meant for me

girl you dont know  
how close i came to giving up on everything  
i wanted to let it go  
& to be spared of memories of the pain  
i tried in vain, i tried in vain to bring myself around  
i really tried not to let it get me down  
and i was starting to accept some closure (?)

and just when i  
just when i had turned my back on love  
is when i laid my eyes on you  
you're the answer to everything, everything

shes incredible  
the way her body speaks to me, yeah  
is unbelievable  
that this could ever happen to me, yeahh  
i finally found ya, found ya, found ya  
finally found the one thats made for me  
i finally found ya, found ya, found ya  
finally found the one meant for me

everything that ive been through, ohw  
was all worth it just for you  
cuz everytime i looked in the mirror  
i would wish that i was another  
but everything changed because of you  
because of you

and just when i  
just when i had turned my back on love  
is when i laid my eyes on you  
you're the answer to everything, everything

shes incredible  
the way her body speaks to me, yeah  
is unbelievable  
that this could ever happen to me, yeahh  
i finally found ya, found ya, found ya  
finally found the one thats made for me  
i finally found ya, found ya, found ya  
finally found the one meant for me

ooohw  
hey  
oh ohh oeehw  
noo ohh oooohw
